# Global Immersion Program(GIP)

---

*This program provides the opportunity to improve your English skills and participate in an exchange program in Australia that seeks to cultivate your global mindset. Students can learn the required skills to develop and present project research results. Through the project research and professional training conducted by our experienced trainers, you will gain valuable insights about interpersonal, team building and leadership skills.*

## **1. Immersive Experience**

Experience immersive classes in Australia and improve your English interpersonal and communication skills.

## **2. Sightseeing Visit**

Visit local corporations, universities and famous scenic spots to experience western culture.

## **3. Curriculum Enrichment**

Professional trainers arrange your courses according to different majors.

## **4. Team Collaboration**

Research Project through the whole program where you can choose a research topic of interest, complete the research by team collaboration and display your research result at the end of the program.

## **5. GIP Memory**

Customise your own memories of Melbourne by taking photos to create your own postcards and mail them to your relatives and friends to share your experience of Melbourne.

# ***Professional Development Program***

---

GBCA professional development programs are designed for students and professionals. Broaden your area of expertise while developing further knowledge and accessing new learning tools.

The programs includes sessions presented by guest speakers and visits to organisations and professional associations. The professional development programs can also be custom-designed to suit your needs. You will receive a certificate of attainment for your professional portfolio.

# **HUAWEI**

## **Certified Training Program**

**HUAWEI, A LEADING GLOBAL INFORMATION AND COMMUNICATIONS TECHNOLOGY SOLUTIONS COMPANY, HAS PARTNERED WITH GBCA TO DELIVER HUAWEI CERTIFIED PROGRAMS.**

### **HUAWEI Certifications**

Businesses are applying IP technologies throughout carriers and enterprise networks in an increasingly networked environment. In response to globally complex demands, Huawei has developed the Huawei Certification System to provide businesses with a system to assess employees' IP expertise. They understand that IP technical competence is key when recruiting new IT employees. Huawei also provides IP technical competence assessment services for both the telecom industry and enterprises.

### **Your Program Partners**

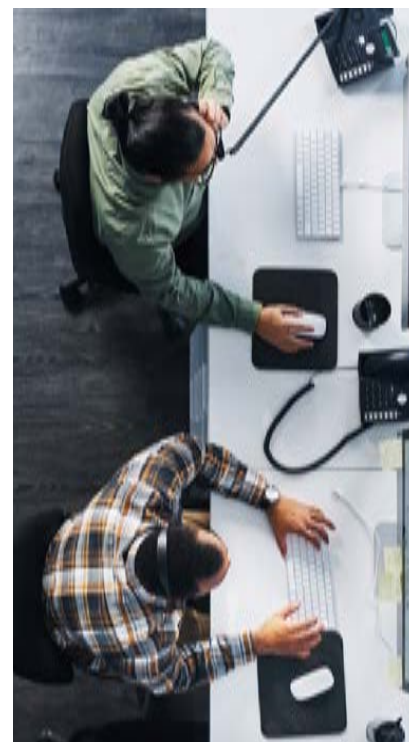

Driven by responsible operations, ongoing innovation

and open collaboration, Huawei has established a competitive ICT portfolio of end-to-end solutions in telecom and enterprise networks, devices, and cloud computing. Huawei ICT solutions, products, and servicing are used in more than 170 countries and regions, serving over one-third of the world's population.

### **Course Description**

This program provides the knowledge and skills required for basic configuration and maintenance of small to medium-sized networks. The program covers basic IP network connectivity, TCP/IP technologies, Ethernet technologies and network routing within Huawei routers and switches. Upon completion of this program, participants will be prepared to sit for the externally administered H12-211 HCNA-HNTD certification.

The HAINA partnership allows the delivery of further industry certifications: HCNA Security & HCNA Storage.

**HUAWEI CERTIFIED  
NETWORK ASSOCIATE –  
HUAWEI NETWORKING  
TECHNOLOGY AND DEVICE**

### Course Objectives

On completion of this program, participants will be able to:

- Explain the intricacies of data transmission over IP networks, for competency in supporting, maintaining and troubleshooting IP networks
- Build efficient data switching environments through the management of switching products and manipulation of related (STP/RSTP) link layer protocols
- Establish solutions for enterprise network administration and management through application layer services including DHCP, FTP and Telnet
- Control Lists (ACL), AAA, and IPSec with GRE support solutions

### Course Content

The HCNA-HNTD curriculum includes, but is not limited to the following:

- Network fundamentals
- Basic connection methods of popular networks
- Basic network construction

- Troubleshooting of common network faults
- Installation and commissioning of Huawei routing and switching devices

### Benefits of HUAWEI Certifications for ICT Businesses

- Accelerate business performance
- Reduce business downtime

### Benefits for Individual Professionals

- Industry recognised credentials
- Demonstrate competency through the assessment and validation of skill sets for specific job roles
- Enable career advancement in a highly competitive technology marketplace

### Fees and Intakes

Monthly intakes

- Standard Course (10 days) \$1,500 incl. GST
- Fast-track Course (5 days) \$800 incl. GST

# Executive & Corporate Training Program

## Our Programs Train the People in Your Organisations to:

- Lead with emotional intelligence
- Manage specific issues
- Facilitate team innovation
- Operate across cultures
- Utilize digital business applications
- Harness organisational entrepreneurship
- Network strategically in the Australian business environment

## Practical Learning Enhances Career Choices

Our experienced trainers will assist your staff in developing their skills and discover their potential to become more productive. Our short courses will help them to quickly learn new skills and best practices. We listen to industry needs and have extensive links with business organisations to ensure that our training courses are aligned with market demands.

## On-Site Delivery

The same best-practice learning experiences are available for delivery on-site at your premises. We offer increased return on your human capital investment through the delivery of selected elements of the Diploma of Leadership & Management program. This is aimed to develop your employee's fundamental skills and knowledge.

Current Australian business scenarios will ensure that performance criteria are carried out using complex and diverse methods and procedures requiring the exercise of considerable discretion and judgement, using a range of problem solving and decision making strategies. Innovative, knowledgeable minds and improved workforce skills for an increased return on your human capital investment. We have designed and tailored our programs specifically to meet your industry needs and create value for your people and your organisation. We also deliver programs tailored specifically for you and your organisation's needs.

# Innovation & Entrepreneurship Training Program

***This market-led program, developed under an international education project with RMIT University, assists students and professionals to unlock their capabilities, and transform their ideas into a viable business. Develop a business plan to be reviewed by experts and financiers. This business plan can be utilised for your professional career or to develop a business start-up; it can also be adapted to meet your changing needs.***

## **Featuring:**

- Access to incubators
- Ongoing mentorship
- Best business plan prize
- Opportunity to pitch ideas overseas

## **Program Structure:**

This 18-hour program consists of six core units. There's also an elective as an additional unit.

## **This Program has two Delivery Formats**

OPTION 1 – An intensive three-day program consisting of 6 hours per day

OPTION 2 – Six consecutive weekend sessions, consisting of 3 hours per session

Learn about the ideas and strategies of great innovators and entrepreneurs, develop cutting edge skills, build business networks and gain confidence embarking on a business venture.

# ***Professional Development Workshop & Exchange Program for Teachers***

---

## **High-Quality Teaching Methods are Fundamental to Your Learning:**

They enhance your academic achievements and are key to instilling learning engagement.

This program develops skills for each progressive stage of a teaching career and with qualifications relevant to the education sector. As a teacher you require ongoing learning tools and professional development to remain viable in the education industry.

This program is a great opportunity for you to gain a deeper understanding of the Australian tertiary education structure, educational trends, and a range of teaching methods and learning tools. You will also have the opportunity of attending education seminars at Melbourne universities, discover the history and culture of Melbourne.

## **This program covers:**

- Professional teaching development workshop sessions
- Exchange programs and visits to universities such as the University of Melbourne, RMIT and Victoria University
- Immersion in Australian culture with visits to local attractions

# Study Tours

GBCA offers a variety of study tours that can be tailored to suit your needs. The tours are developed to teach you industry specific subjects and demonstrate how your areas of expertise can be applied within an international context. GBCA offers tours in the Australian energy market, arts and culture. We also have a Melbourne study tour of one to two weeks with an optional extended six-day tour to Sydney and Brisbane.

# ***Australian Energy Market International Training & Study Program***

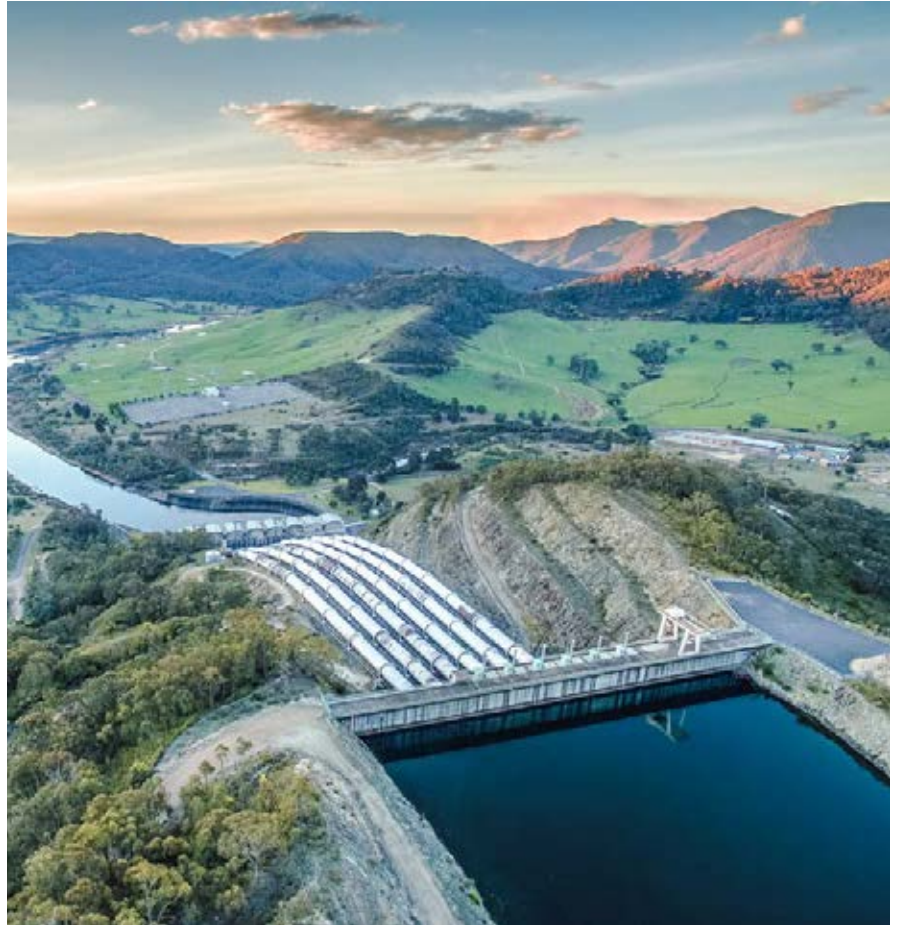

---

## **Program Background**

Energy market restructuring carries out energy structural adjustments to strike a balance between the various forms of energy production. They are fundamental to economic growth. The Australian energy market began the process of restructuring in the mid-1990s. Since then, it has matured and now caters for a growing population with a range of energy needs.

## **Program Objective**

This program is intended for energy industry professionals, to provide a deeper understanding of the current Australian energy market structure, operation model and restructuring experience. In undertaking this program, you will learn to think strategically about the restructuring process of the markets in your home country, while gaining valuable insights into the Australian energy market.

## **Program Highlights**

- Australian energy market talk
- Lectures delivered by energy industry experts, illustrated with case studies
- Industry expert panel symposium
- Market simulation

# Global Youth Business Talent Training Program

*This program provides you with the opportunity to attend an exchange program in Australia to cultivate business thinking skills, expand your knowledge and nurture your entrepreneurial spirit. You will develop and present a business plan while taking into account global challenges and opportunities. Through practical business lessons and knowledge exchange with industry experts, you will gain valuable insights into developing business plans, and learning to build collaborative relationships.*

## Program Training

You will develop skills in identifying business opportunities, drafting and presenting a business plan, developing creativity and building leadership skills. This program is also designed to equip you with the skills to build a strong foundation in international business.

## Program Highlights

- Practical application of a global business investment model
- Best business plan award
- Guidance by business experts
- Business plan presentation
- Visits to local attractions

# ***IELTS Professional Training Program***

---

## **Program Objectives**

This program is designed to give you the critical training and English learning activities to improve your listening, speaking, reading and writing. You will attend lectures by an IELTS examiner and attend English lessons given by English trainers with many years of IELTS experience

These lessons will help you to understand the IELTS test requirements while enabling you to set further goals for your higher education. Best of all, you will be in an English language environment where your English communication level will soar in Melbourne, the world's most liveable city.

## **PROGRAM HIGHLIGHTS**

- Lectures by IELTS teaching professionals
- 21-days of English training
- Practical activities plus two practice tests
- Undertake the IELTS test in Australia

# Australian Cultural Arts Exploration Program

***The Australian Cultural Arts Exploration Program is designed for art lovers. Melbourne is a cosmopolitan melting pot of culture. It is known as the Culture Capital of Australia and Melburnians are proud of their contemporary art galleries, museums and art schools.***

## **Program Feature**

You will revel in sensory pleasure walking through the Flinders Lane galleries and eclectic graffiti laneways. Visit the National Gallery of Victoria, the Victorian Arts Centre, the Australian Centre for the Moving Image and the Australian Centre for Contemporary Art. You will gain an insight of the history and evolution of Australian art by exploring the Heide Museum of Modern Art where some of Australia's most loved artists worked and lived.

## **Program Highlights**

- National Gallery of Victoria and the Arts Centre Melbourne
- Eastern and Western artist exchange: where you will participate in art forums, experience modern art culture and interact with artists
- Attend live music performances
- Melbourne city seminar venues – modern classrooms and teaching facilities
- Comprehensive tour services – pre-travelling training, a guide to Australian art history
- Central city modern family-style apartments, located in CBD and the middle of the free tram zone, and adjacent to iconic shopping
- Districts such as Emporium Melbourne, Bourke Street Mall, and Chinatown

# Family Tours

GBCA offers a range of tours suitable for families with children of all ages. Visit Melbourne and go sightseeing down the Great Ocean Road. Our extended tour to Sydney takes in Sydney Harbour, the Sydney Zoo, Luna Park and Darling Harbour. Our family tour is fun-filled, educational and suitable for the whole family.

# Australian School Exchange & Art Appreciation Tour

***For parents and teenagers aged 14 to 18 years This program provides a window into Australia's culture and education system. It gives parents and their teenagers a chance to appreciate local music, theatre and art.***

## **Program Activities**

- The Australian School Exchange & Art Appreciation Tour is a 10-day program in Melbourne (with an optional extended
- Tour to Sydney and the Gold Coast)
- Visit the National Gallery of Victoria, Melbourne's Graffiti Lane, Puffing Billy railway and Luna Park
- Experience Australia's animals on Phillip Island, at Collingwood Children's Farm, Melbourne Aquarium
- Open Range Zoo on one line
- Thriving international education programs

# Australian Family Bonding Adventure Tour

***For parents and children aged 8 to 13 years the Family Bonding Adventure tour builds team spirit and self-confidence. Your children will develop independence while engaging in artistic and physical activities with parental support.***

## **Program Activities**

- The program is Melbourne-based (with an optional 6-day extended tour to both Sydney and the Gold Coast)
- Our teacher's interactive approach guides students in painting, and cooking Australian food
- Ride the Puffing Billy steam train
- Watch local films and learn conversational English

- Visit The National Gallery of Victoria, Melbourne Aquarium, The Royal Botanic Gardens and Melbourne Museum
- Parent-child bonding through indoor bubble soccer, laser tag, bowling, mini golf and indoor rock climbing

# Australian Discovery & Education Family Camp

*For parents with children 7 years old or younger Inspired by Reggio Emilia's innovative approach to family education, this Discovery & Education Family Camp is crafted by experienced educators to stimulate the creative development of children. Through a variety of interesting and fun activities, the program encourages freedom in expressing thoughts in various languages (English and body language), stimulates curiosity, develops creativity and promotes learning.*

Adopting the Carl Orff innovative approach to music education, our program cultivates the wonder of music, encourages the development of student's musical potential and fosters their well-being. In this program, students get back to nature and experience close encounters with Australian animals.

## Program Activities

- Family Camps range from 10 to 16 days, starting in Melbourne (with optional extended tours)
- Enjoy family time at Phillip Island, Melbourne Aquarium, Sydney Harbour Bridge and Darling Harbour
- Experience Collingwood Children's Farm and Werribee Open Range Zoo
- Take a ride on the Puffing Billy steam train through the beautiful Dandenong Ranges
- Visit a local Melbourne kindergarten and experience its educational program. Children develop an interest in English learning and form international friendships
